## UNDERSTANDING MOLD IN THE RESTORATION INDUSTRY C.E. CREDIT COURSE

**COURSE CREDIT:** 3 hours

**COURSE NUMBER:** 0008644 / 9625455

### WHAT YOU WILL LEARN

This course has been specifically designed to teach and explain the special procedures used by professionals in mitigating mold damage claims for the insured. The purpose of the course is to provide you, the real estate professional, with a better understanding of the work performed by the mitigation vendor at mold damage work sites. You will learn remediation processes which can help control the cost if performed in a timely manner. We will demonstrate examples of work performed to mitigate mold damage. This course will help you better understand what your client is going through when they have mold damage.
