

April 1, 2011

Dear Fellow Supporters,

Thanks to the extensive efforts of Representative Frishe, our bill (HB173) is now moving in the House. Now we need to continue pushing on the Senate side for the companion bill (SB332). It is extremely important to continue sending emails to Senate President Haridopolos as well as your legislators to let them know how important it is that SB332 be heard. This is vital at this point in time!

Please go to [our website](#) and send the automated message. This message will go to Senate President Mike Haridopolos, Speaker of the House Dean Cannon as well as your legislators. Everything is set up for your convenience. Thank you all so much for your continuing support!

Sincerely,

*Terri*
